

10102 Election Procedure and Election Districts

Pursuant to Neb. Rev. Stat. § 85-1512, the Board shall establish five election districts as nearly equal in population as may be practicable within the Area and shall transmit the appropriate information pertaining to such election districts to the Secretary of State and to the appropriate election officials within the Area. Members of the Board shall be nominated and elected on the nonpartisan ballot as provided for in Neb. Rev. Stat. § 32-514, and candidate filing forms shall be filed with the Secretary of State. No filing fee is required. No person shall be eligible for membership on the Board who is an elected or appointed member of any other high elective office or other board relating to education. Each member must be a registered voter and shall have been a resident of the Area for at least six months and, for members representing a district, a resident of the district for at least six months, prior to such election or appointment.

Because of changes in population within the five current voting districts, it may become necessary to reallocate certain voting precincts (populated areas) to another district. This may result in a member of the Board becoming a part of another district. If this happens, said Board member would remain on the Board until his/her term expires and would run on the ballot in his/her new voting district at the next election for Board members in his/her new district should he/she so desire to remain on the Board or be re-elected to the Board.

(Amended 9/22/92; 11/27/12)
