

60308 Tuition Waiver and Discount

Tuition may be waived for full-time and part-time regular professional employees, and may be discounted for part-time credit faculty, to enroll in credit and non-credit courses, providing the person enrolling with waived or discounted tuition does not prevent a regular-tuition-paying student from enrolling in the class.

Tuition may be waived for spouses and qualifying children of full-time and part-time regular professional employees, and may be discounted for spouses and qualifying children of part-time credit faculty, to enroll in credit and non-credit courses providing the dependent enrolling with waived or discounted tuition does not prevent a regular-tuition-paying student from enrolling in the class.

Eligible spouses and qualifying children under this tuition waiver/discount Policy are defined as:

- (1) the legally recognized spouse of the employee;
- (2) a child or step-child of the employee who qualifies as a dependent “Qualifying Child” under applicable provisions of the Internal Revenue Code of the United States, as it may be amended from time to time.

The President is authorized to establish procedures for the implementation of this policy.
