

SMALL BUSINESS SOURCE

To access **Small Business Source**, go to the MCC library website, click on the **Databases** tab, then use the **Title** menu to select **Small Business Source**.

Find Industry articles & reports

1. Scroll down the screen and click on **Industry Information**.

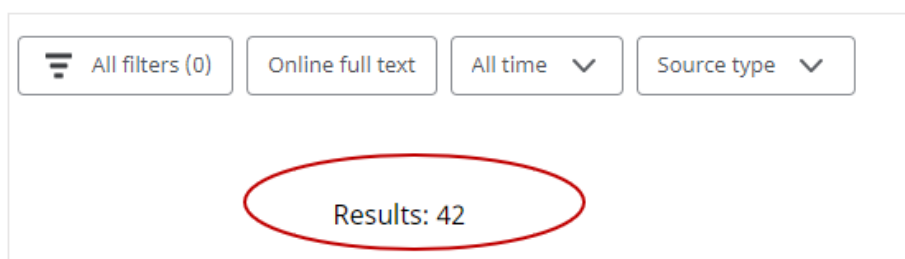

2. At the next screen, select an industry.

3. The next screen displays a *partial* list of results. Click **View all results** in the upper right to view a complete list.

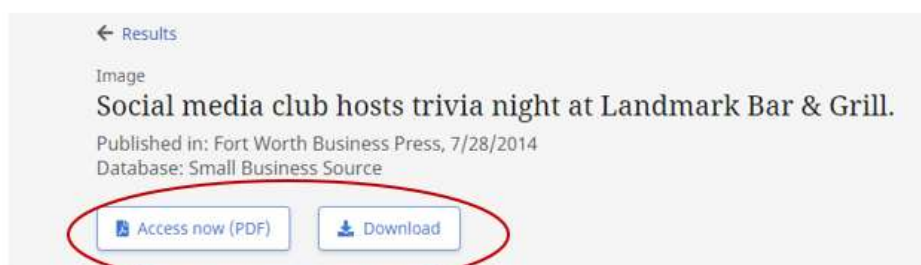

4. The results list includes articles from trade publications and magazines as well as market research reports. In this example, **42** records were retrieved.

5. Click on a title to read an **abstract** or summary of the article.

6. To read the full-text article or report, click **Access now** or **Download**.
NOTE: Not all records are available full-text.

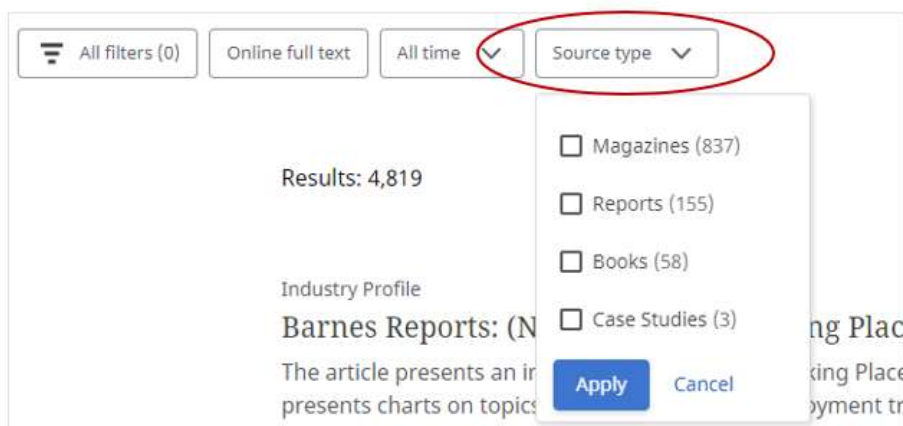

7. Due to a glitch in the database interface, not all relevant records will display. To find more, open a relevant record and click on the appropriate **NAICS/Industry Code**.

8. In this example, the next screen displays a list of **4,819** records, far more than the 42 the database originally retrieved.

9. Use **Source Type** at the top to limit your results by publication type. Options include magazine articles, reports, eBooks, or case studies.

10. To begin a new search, click **Explora** in the upper left corner.

11. To return to the MCC Library website, click **Return to Library Databases page** on the far left.
