

**Liberal Arts Associate in Science (LATAS)
Transfer Guide – Pre Computer Science Engineering**

*This degree strengthens foundation skills, provides broad understanding, and develops reasoning skills as students prepare for advanced studies in a natural sciences, mathematics, or science-dependent program. Each transfer institution publishes requirements for admission, general education, and major concentration areas. **Students should consult with the institution they plan to transfer to and their MCC Advisor for courses that best fit your intended plan of study.** For Students planning to transfer to UNO – College of Arts and Sciences the below information can also be viewed on Transferology.com under UNO/UNL Pathways. For more information contact the MCC Transfer Center.*
