DON WAGNER AWARD FOR LEADERSHIP AND SERVICE – 2 P.M.

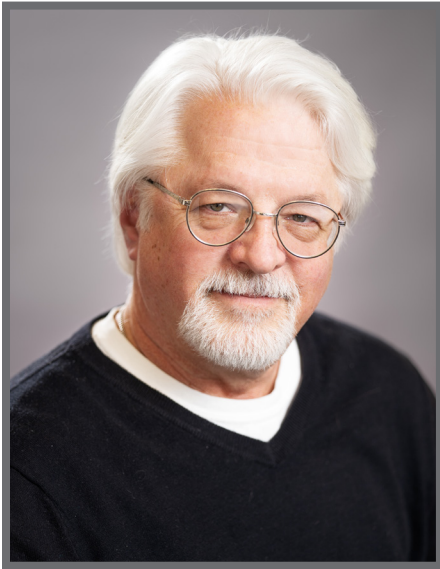

RICK SANDVIG

Rick Sandvig spent more than 30 years in the transportation industry as a licensed driver, owner and operator. In 2005, he joined MCC to build the Commercial Driver's License (CDL) program where he continued as a full-time instructor until he retired. He then worked part-time for the Metropolitan Community College Foundation as the trades manager, leveraging his relationships to connect MCCF with industries and fundraising. During his MCC tenure, Sandvig was awarded the MCC Academic Affairs Beacon Award, and in 2009, the MCC Excellence in Teaching Award.

Sandvig's efforts with the MCCF forged new relationships that resulted in equipment and vehicle donations and scholarship funds. Under Sandvig's leadership, the MCC Golf Tournament flourished to support MCC students participating in SkillsUSA.

Sandvig is a firm believer in the power of education. His 18 years of work at MCC have made a major impact on many of the trades programs, and most importantly, students.

DON WAGNER AWARD FOR LEADERSHIP AND SERVICE – 7 P.M.

RON HUG

Ron Hug has the distinction of being the longest-seated member of the MCC Board of Governors, representing District 1, at-large and District 4 during his 24-year span. Elected in 1999, Hug served until September 2023, when he was appointed to the Omaha City Council, representing District 4.

During his tenure on the MCC Board of Governors, he served as chair, vice chair, secretary, treasurer and the MCC Metro Area Planning Agency representative. He was a tireless leader who advocated for many innovative initiatives at MCC, including trades programs for automotive, machine technology and health science. Hug was directly involved in the collaborative partnership with MCC, Omaha Public Library and Metro Transit that transformed the South Omaha Campus. Over the past 10 years, he played an active role in the Fort Omaha and South Omaha campus expansion projects, as well as the Sarpy County land purchase. Hug never lost sight that the reason we are here is for the students.

Hug is the proud recipient of the first General Education Degree (GED) awarded at MCC.

\$ Scholarship recipients

Scholarship recipients are wearing blue and white cords. MCC students receive more than \$4 million in annually awarded scholarships by the MCC Scholarships Office. These scholarships are generously provided by MCC, MCC Foundation donors or outside organizations to help students with the cost of their education. Students who earn scholarships meet eligibility requirements set forth through the establishment of the scholarship. More than 130 unique scholarships are available for students.

Avenue Scholars

Participants in Avenue Scholars are wearing purple cords. The Avenue Scholars Foundation has a mission to ensure careers for committed students of hope and need through education/training and supportive relationships. The Suzanne & Walter Scott Foundation aims to be a catalyst for positive change through best-in-class scholarship programs that grow, cultivate and retain talent.

COMMENCEMENT TRADITIONS

Ceremonial mace

In the Middle Ages, the mace was a club used in battle and carried by a bodyguard to defend a person of authority. Its transformation into a symbol of intellectual authority is both a tribute to and a reminder of the civilizing force of a college's teaching, research and community service. Over the years, it began to lose its warlike image and became a symbol of peaceful leadership.

At an academic institution, the mace adds meaning and dignity to the commencement ritual. It reminds participants and spectators that education is one of the most cherished attributes of a free and democratic society. When the ceremonial mace is present, the authority of the college is present, and the use of the mace is reserved for occasions of outstanding importance.

Bearing the mace is a position of honor. At Metropolitan Community College, the honor is conferred to a faculty member at each commencement in recognition of teaching excellence by all faculty at the College.

Academic attire

The history of academic dress reaches far back into the early days of the oldest universities. A statute of 1321 required that all "Doctors, Licentiates and Bachelors" of the University of Coimbra wear gowns. In England in the second half of the 14th century, the statutes of certain colleges forbade "excess in apparel" and prescribed the wearing of a long gown. The hoods worn primarily by those holding a doctorate were once functional; their purpose was to protect the wearer from the weather and for warmth in poorly heated buildings and classrooms.

While European institutions continue to show great diversity in their specifications of academic dress, American colleges and universities generally have adopted the Intercollegiate Code for Academic Costumes. This code specifies design characteristics of gowns, hoods, caps and tassels, including pattern, material, color, trimmings, etc.

For all academic purposes, including trimmings of doctorate gowns, edging of hoods and tassels of caps, the colors associated with the different academic disciplines are as follows:
